Good Morning,

Are you aware of the work that is going on at 9800 S. Sepulveda? There is currently a film shoot going on, however there is scaffolding on the Sepulveda side as well as on the South side of the building that doesn't appear to be part of the film shoot.

We get notifications from the city of permits that are pulled for properties in our BID, but I have seen any permits for that building.

Are permits required to put up scaffolding?

Please note our new address below.
